The perfect fit for your inclusion funding

This funding is built for proactive, evidence-led support and so is BounceTogether. Make every pound count with built-in barrier tracking, targeted interventions and clear impact reporting.

How does BounceTogether align to this funding?

BounceTogether helps schools identify barriers, choose evidence-informed activity and demonstrate measurable outcomes giving you the foundations for your inclusion strategy. Here's an example...

What is the barrier?

Some pupils experience challenges with belonging, relationships or emotional demands that are affecting how they participate in school.

What will we do?

Use BounceTogether 360 to listen to pupil experience, clear reports and alerts to identify need earlier and provide targeted support.

What principle does it support?

Earlier action, belonging, attendance and evidence-informed support.

How will we know it worked?

Review relevant measures over time alongside pupil voice and other school evidence to understand what is changing.

What to do next in 3 steps

1 Confirm your allocation

Check your school's 2026/27 funding

2 Identify the barrier

Decide where greater insight or earlier intervention is needed

3 Set activity and outcomes
